'The Community Gardening Club of Cohasset'

From

The Junior Gardening Club

As the birds drop bird seed for the squirrels to eat, the Cohasset scenery cannot be beat. Gardening Club makes it better by making my heart feel like it is always a sunny morning with fresh dew on the grass. It gives me plenty of things to do like growing lemon trees, planting bulbs, bird watching and making holiday crafts. I want to say 'thank you' to all the people who come but most of all 'thank you' to the people who run it - the creators.

By Samantha Janssens

The club of all clubs.

The club that helps me to be more active in the garden.

The club that's full of friendly, funny and phenomenal people.

The people that teach me how to be a true Jr. Gardener.

Junior Garden Club, the best garden club in the world!

By Ashley Kierce

What we like about Junior Gardeners is we learn to make flower arrangements. We learn about new flowers and are very creative with them. Of course, we learn all this from great teachers who help us every step of the way.

Madeline and Vivien Littlejohn

I enjoy all the projects that we are doing including: recycling talk, flower arranging, planting bulbs and all the other creative stuff. I especially liked 'books in bloom'. It was very interesting. Thanks again.
